PH	S 3.65, G 3.38, M 3.51
Alcohol	13.3%
Awards	Indy International: Silver Northwest Wine Summit: Silver
Wine makers notes	<i>Creating blends is one of our favorite activities at the winery. Most of our blends are traditional "Old World" like this Rhone blend. The three grape varietals were harvested separately according to their optimal ripeness with the Mourvedre being first and the Syrah and Grenache last. Fermented by themselves and aged in oak for ten to twelve months, the wines were then blended by the winemaker (with some input from the rest of the crew) in a style consistent with previous vintages.</i>

Medium bodied with a silky tannin structure. The Syrah gives this wine pepper, jammy black currant flavors and licorice nose, the Grenache lends some spice and musty raspberry, with the Mourvedre rounding out the blend with some nice earth and wild herb notes. This wine works well with most BBQ dishes.
