

Northwest Red

This blend of Cabernet, Merlot, Syrah, and Barbera is surprisingly soft and smooth. Meant to be enjoyed not analyzed this easy drinking blend is exactly that, big enough for steak yet gentle enough for everyday drinking wine as well.

Northwest Rose

This beautiful blend of Grenache, Syrah, and Touriga is the best of both worlds. A dry rose with all the characteristics of its red varietals but with a summer body. The style is ever-growing in popularity and again, great for that afternoon glass of wine.

Northwest White

This blend of mostly Chardonnay with a little Riesling is the ideal summer patio drinking wine. The Riesling in this blend lends just enough fruit to count the dry Chardonnay leaving it just that much more refreshing for hot summer days.
